compete	embrace	heal	model	receive	support	
compliment	encouraged	host	mold	reclaim	surrender	

Use the aqua column to add your own descriptive words.

Review the words in each column and mark an X in the left column next to 2-3 words in each colored section that grab you, excite or interest you. Words that describe who you are or will be.

From the 3 words you checked in each column, choose your top three favorite words that most closely capture the essence of your future picture and inspire you to want to capture the essence of "you" in a personal mission statement.

Use those words in the following statement:

My Personal Life Mission is to _____ and _____

_____ choose a value, goal or project vision you have been holding, dreaming or imagining doing

Who, what or where is your target audience?

EXAMPLE: My Personal Life Mission is to **affect, support and promote** the fight against hunger and all those who suffer it's ravages in my community.
